4:14 Plump

Spel för 2-4 personer eller lag.
Ni behöver tre sexsidiga tärningar.

1	2	3	4	5	6	7
8	9	10	11	12	13	14
15	16	17	18	19	20	21
22	23	24	25	26	27	28
29	30	31	32	33	34	35
36	37	38	39	40	41	42

Spelet går ut på att du slår tre tärningar, använder de fyra räknesätten och bildar ett tal mellan 1 och 42.

Du kryssar över rutan för det tal du bildat, och får en poäng. Sedan får du ytterligare en poäng för varje angränsande ruta som redan är kryssad. Du kan alltså totalt få högst nio poäng per gång.

I slutet av spelet är många rutor tagna. Lyckas du inte ta en ledig ruta, utan måste passa, får du en plump. När du har fått tre plumpar åker du ut.
